

National Radon Program Services

— increasing public knowledge of radon and the need to test and fix homes

How do I find a test kit?

21,000 deaths from lung cancer

I'm buying/selling. Who tests?

1 in 15 homes test high for radon

Do I, or my family have lung cancer?

#1 cause of lung cancer in non-smokers

Who is certified to fix my home?

\$1,500 average cost to fix

What is radon?

Every structure has radon

Engineering Extension at Kansas State University, led by Director Bruce Snead, provides national level technical assistance for EPA aimed at *promoting public awareness of radon, increased testing and mitigation for radon in homes, schools and buildings*. Since September of 2009, the **services provided** include:

Direct personal answers to National Radon Hotlines calls with referrals to web sites and call forwarding to 46 of 50 state radon programs

Web site (www.sosradon.org) with FAQs, mitigation guidance, links to key partner pages, and state program contacts

Offering **radon test kits** for individual citizen purchase

Partnering with Radon Leaders Saving Lives for **National Conference of State Legislatures Conference** on displays, PSA recordings, and outreach

Support for **National Radon Conference and Regional Stakeholder** events

Technical assistance to EPA and partners for National/Federal Radon Action Plan initiatives

Technical assistance and referrals to State Radon programs

Outreach through radon PSAs and social media **initiatives**
